PRESS RELEASE

For immediate release

Mitutoyo releases new Precision Tool Kit *Magnetic stand & Digimatic Indicator set*

Mitutoyo is pleased to announce a new addition to our line-up of precision measuring tool kits. This latest tool kit offers a digimatic version of one of our most popular kits with a magnetic stand and indicator combination in a custom storage box.

No. S950-783 Tool Kit includes:

7010SN Magnetic stand accepts dial, digimatic and test indicators ($\varnothing 6\text{mm}$, $\varnothing 8\text{mm}^*$, $\varnothing 9.5\text{mm}$ (3/8")
*supplied with a spacing collar.

543-783B ID-S Digimatic Indicator is a Flat back style with simple design and an industry favourite (Range: .5"/12.7mm, Resolution: .0005"/0.01mm. It features ABSOLUTE encoder technology, and SPC output. Functions: Origin-set, Zeroset, counting direction switching, Power ON/OFF, Data Output. Optional SPC output cables are available.

Custom Tool Case is designed to store and protect components while not in use.

Mitutoyo Corporation is the world's largest provider of measurement and inspection solutions offering the most complete selection of machines, sensors, systems and services with a line encompassing CMMs (Coordinate Measuring Machines), vision, form and finish measuring machines as well as precision tools and instruments, and metrology data management software.
